RECORDING ARTIST JOHN BIANCULLI

A lyrical and soulful pianist, bandleader, composer and teacher.

John Bianculli has enjoyed a considerable following at the Hyatt Regency for many years and performs regularly at the New York Hilton.

He has worked with jazz greats and recording artists such as Steve Nelson, Jeanie Bryson, Cassandra Wilson, Terence Blanchard, Regina Belle, Christy Baron and Earl May.

John's dynamic original music is a unique blend of jazz, Latin, Brazilian, rhythm and blues, and world music. His original music can be heard on Telarc and Dream Box records.

"It invokes beauty and playful fancy, stirs the imagination, and goes straight to the heart. It is unique, lyrical, dynamic, rich, and uplifting..."

—Home News and Tribune

"It is music that will draw you in and make you listen..."

—The Star Ledger

"...A beautiful touch." —Earl May

"Everyone enjoyed your playing very much, John...I'm still getting compliments about it. Thanks to you it was one of the best parties we've been to in a very long time!"

—D. Sansanelli

"When you leave, you'll leave singing. The next morning, you'll wake up humming. And if you're not a die-hard fan yet, you will be." —M. Kushner
